

Year 3 Autumn homework

Our homework is based around our enquiry: **How have we evolved?**

Complete the following pieces of homework in whichever order you like.

For every piece of homework you complete and bring into school you will get **5 dojos!**

Writing	Write an acrostic poem about the Stone Age, you can use any piece of vocabulary from our Stone Age enquiry to write down the side of the page.	Create a list of 10 questions to ask a Stone Age person in an interview.	Write a diary entry as though you are a Stone Age child living in the Stone Age.
Research	Research about how fossils are formed- present your findings in diagrams.	Find out which rocks are sedimentary, metamorphic and igneous.	Create a list of 10 facts about Stonehenge.
Creative	Create your own cave painting without using paints, crayons or felt tips (just like the people in the Stone Age had to do!)	Draw a picture of a Stone Age survival pack: everything you would need to survive in the Stone Age. Label each item with what it is and why you need it.	Create your own mini version of Stonehenge using materials you find outside. Take a picture of your creation and tell me what materials you used and why.
